LOCATED IN THE HEART OF THE UNITED STATES FIRE SERVICE.

Ricochet is proudly headquartered in Philadelphia – the historic birthplace of the United States fire service. From this foundation, our experienced team designs and delivers high-performance protective apparel trusted by departments across the country. Every garment reflects our commitment to craftsmanship, innovation, and helping those who serve, return home safely.

OUR MISSION IS TO PROTECT THOSE WHO SERVE TO PROTECT OTHERS.

Our mission is to design and deliver unmatched value through innovative and custom PPE solutions for the people who put themselves in harm's way. Driven by the belief that first responders deserve better gear, Ricochet engineers protective garments built for the real demands of the job – where mobility, durability, comfort, and protection all matter.

We proudly serve professionals across the full spectrum of public safety, including Structural Firefighting, Wildland Firefighting, Technical Rescue, EMS, Urban Search and Rescue, and specialized response teams. No matter the mission, Ricochet gear is built to perform when it matters most.

WE ARE SERIOUS ABOUT SAFETY.

Safety is not a slogan – it is the standard behind everything we do. Our team includes industry veterans, first responders, and technical experts who understand the realities of emergency service work. That perspective drives us to go beyond minimum requirements and pursue continuous improvement in every product we make.

Through ongoing testing, collaboration with leading material partners, and close feedback from the field, we develop gear that meets today's challenges while preparing for tomorrow's demands. Because protecting those who serve requires more than compliance – it requires commitment.

“

*I've been in this business for 50 years. I've worn everything.
Ricochet exceeded every expectation.*

– CHIEF KEVIN QUINN,
Immediate Past Chairman, National Volunteer Fire Council
Recipient of CFSI Mason Lankford Award

”

MAXIMUM MOBILITY™

STRUCTURAL GEAR

Every set of Ricochet turnout gear is built around our signature Maximum Mobility™ (M²) design – engineered to move with you through every climb, crawl, and call. This isn't a premium add-on; it's standard in every configuration we build. M² integrates ergonomic patterning and strategic paneling that mirror the way firefighters actually work, reducing bulk, restriction, and fatigue while helping you stay cooler, faster, and more effective on scene. It's gear built to perform under pressure – because when every second counts, comfort and mobility aren't extras, they're essential.

MAXIMUM MOBILITY™ (M²) COAT

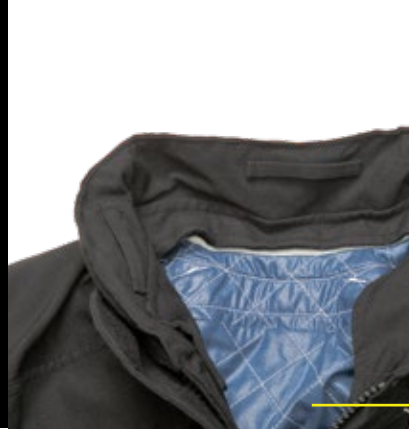

DRAG RESCUE DEVICE

Drag Rescue Device (DRD) is fast, easy, and ready to deploy at any time.

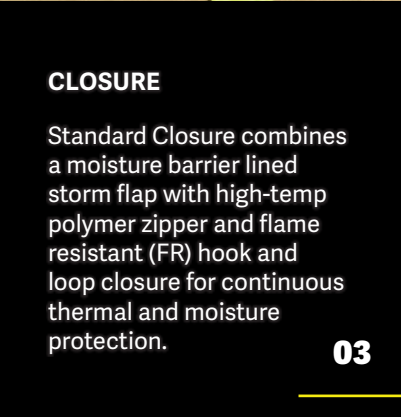

01

COLLAR

Comfortable contoured collar with storm flap extension that eliminates the need for a bulky throat strap and protects you from the elements while easily folding over when not in use.

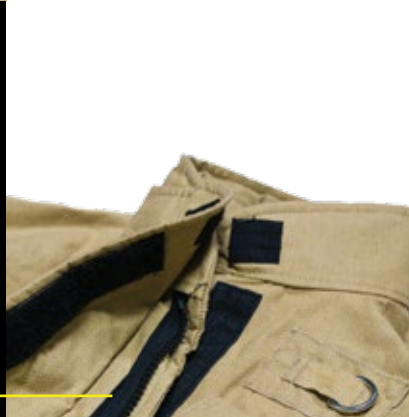

02

CLOSURE

Standard Closure combines a moisture barrier lined storm flap with high-temp polymer zipper and flame resistant (FR) hook and loop closure for continuous thermal and moisture protection.

03

THERMAL AIR CHANNELS

Thermal air channels in the shoulders and upper back for increased thermal performance and comfort.

04

SLEEVE WELLS

Double layer sleeve wells for additional thermal protection while also keeping out water and debris.

06

RADIO POCKET

Radio pocket fully lined with water resistant material with built-in antenna notch. Optional dual antenna notch is also available.

05

ROPE ROLL POCKET FLAPS

Designed for effortless handling, all pocket flaps strategically integrate rolled Kevlar® rope, cut to specifications to provide enhanced grip while wearing gloves.

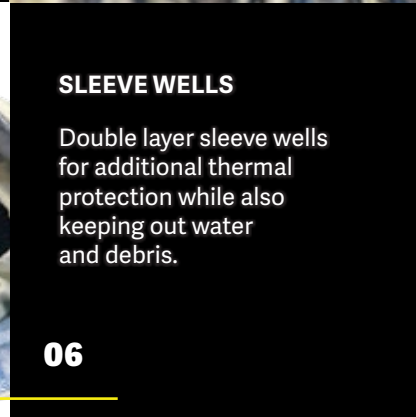

07

EASY GRIP ZIPPER PULL TABS

The combination of an Ara-Shield™ tab below the zipper and a 3/8" Kevlar® pull tab in the zipper head to make finding, closing and opening you garment easier, even with a gloved hand.

08

UNDERARM PANELS

Underarm panels extend from cuff to hem, contributing to dynamic balance between body panels and sleeves, allowing Maximum Mobility™, and minimal cuff migration and coat hem rise.

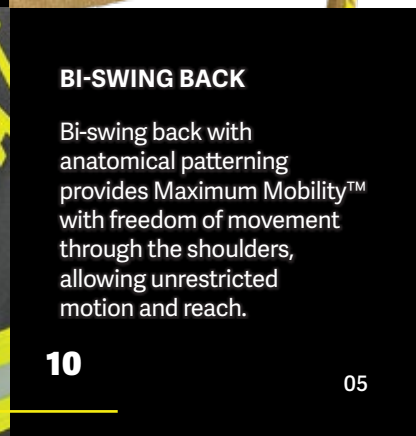

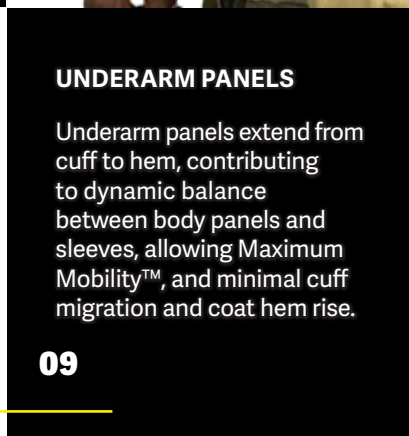

09

BI-SWING BACK

Bi-swing back with anatomical patterning provides Maximum Mobility™ with freedom of movement through the shoulders, allowing unrestricted motion and reach.

10

ANGLED BOOT CUT DESIGN

45° angled boot cut hem, designed to reduce wear-and-tear for increased longevity.

01

BI-SWING KNEE

True 3-dimensional, "Bi-Swing," designed for freedom of movement. Engineered with anatomical patterning for Maximum Mobility™ to reduce tension and strain when squatting, climbing, kneeling or crawling.

02

INTEGRATED WAISTBAND

Elastic waistband with set and forget hook and loop adjustment, engineered to be flat so as not to interfere with other equipment, harnesses or belts and to fit each individual comfortably.

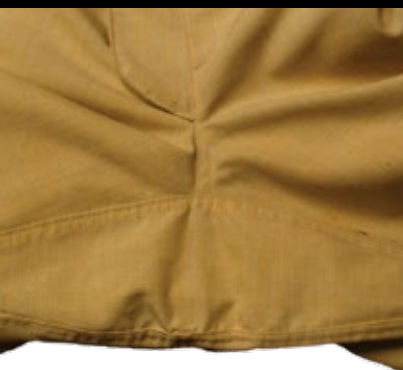

03

LOW-CUT WAIST

Low-Cut waist design comfortably transfers weight onto hips instead of shoulder increasing your range of motion.

04

PANEL

Gusset between legs to eliminate binding and restriction, creating a dynamic balance for increased movement and comfort.

05

REINFORCED HEMS

Bootcut hems reinforced with self-material and optional Ara-shield™ upgrade for increased protection and longevity.

06

CLOSURES

Various closures available along with Internal and External harness system options.

07

ARA-SHIELD™ REINFORCEMENT

Ara-shield™ reinforced knees with closed cell foam padding built into the thermal liner to reduce water absorption and increase protection.

08

MAXIMUM MOBILITY™ (M²) PANT

M² PRIME™ COAT

COAT FEATURES

- ▶ ZIPPER WITH HOOK & FLAP CLOSURE
- ▶ NYC BASIC 3" TRIM PACKAGE
- ▶ 8" X 8" X 2" FULL BELLOWS POCKETS, LOWER HALF INTERIOR LINED WITH KEVLAR® TWILL FABRIC
- ▶ SURVIVOR STYLE FLASHLIGHT HOLDER ON RIGHT CHEST, WITH MIC TAB WITH "D" RING ABOVE
- ▶ RADIO POCKET (8" X 3.5" X 2") ON LEFT CHEST FULLY LINED WITH NEOPRENE, WITH MIC TAB WITH "D" RING ABOVE
- ▶ 7" NOMEX® WRISTLET WITH THUMB HOLE
- ▶ REINFORCED CUFFS AND ELBOWS WITH SELF-MATERIAL
- ▶ NAPOLEON STYLE UNDER FLAP POCKET ON RIGHT SIDE
- ▶ DRAG RESCUE DEVICE (DRD)

CUSTOMIZATION OPTIONS

- ▶ ADDITIONAL CLOSURES: HOOK & LOOP & SNAPS IN / HOOK & DEE OUT, HOOK & DEE IN / HOOK & LOOP OUT (CHICAGO STYLE CLOSURE)
- ▶ 3" LIME/YELLOW ORALITE® TRIM – DIAMOND PATTERN WITH CENTER STRIP
- ▶ SELF-MATERIAL OR FLEECE HANDWARMER POCKETS
- ▶ ALTERNATE OPTION OF 4" NOMEX® WRISTLET WITH THUMB LOOP
- ▶ GOLD OR BLACK ARA-SHIELD™ CUFF REINFORCEMENTS
- ▶ INTEGRATED COAT TAIL WITH ADDITIONAL 2" TRIM ON BOTTOM EDGE TRIM
- ▶ AMERICAN FLAG ON EITHER SLEEVE
- ▶ REMOVABLE NAME BADGE WITH HOOK & LOOP (RNB)
- ▶ HANGING NAME BADGE WITH HOOK & LOOP & SNAPS (HNB)
- ▶ COAT BACK LETTERING
- ▶ DUAL NOTCH RADIO POCKET FLAP

- ▶ 3" REFLECTIVE TRIM AT CUFF, DOUBLE STITCHED
- ▶ 10" X 10" X 2" FULL BELLOWS POCKETS, HALF-LINED KEVLAR®, 1 ROW OF KEVLAR® TOOL LOOPS IN RIGHT POCKET
- ▶ 1-LAYER 1/4" SILICONE KNEE PADDING
- ▶ MAXIMUM MOBILITY™ RADIAL KNEE WITH CHOICE OF BLACK OR GOLD ARA-SHIELD™ REINFORCEMENT
- ▶ REINFORCED CUFFS & BOOT CUT SELF-MATERIAL
- ▶ 45-DEGREE ANGLED BOOT CUT PANT HEMS TO REDUCE WEAR
- ▶ 1 ROW OF KEVLAR® TOOL LOOPS (3-SLOTS) IN RIGHT POCKET
- ▶ ANTI SWAY D-RING ON BACK PANT, CENTERED

CUSTOMIZATION OPTIONS

- ▶ ZIPPER FLY WITH HOOK & LOOP FLAP
- ▶ 3" LIME/YELLOW ORALITE® TRIM – DIAMOND PATTERN WITH CENTER STRIPE
- ▶ UPGRADE TO RESCUE POCKETS
- ▶ GOLD OR BLACK ARA-SHIELD™ BOOT CUT AND CUFF REINFORCEMENTS
- ▶ CLASS II EXTERNAL HARNESS LOOPS
- ▶ INTERNAL INTEGRATED HARNESS SYSTEM WITH YATES HOOK (MUST USE ZIPPER FLY FLAP CLOSURE)
- ▶ KEVLAR® BELT WITH BELT LOOPS
- ▶ BLACK SNAP-STYLE OR LEATHER BUTTON-STYLE SUSPENDERS
- ▶ CLASS-1 LADDER BELT HARNESS WITH DEE & LOOPS

M² CUSTOM

We understand that the demands of your job are as unique as you are. That's why when standard packages fall short, Ricochet stands tall! Our fully customizable package goes beyond the ordinary, allowing you to create gear that not only ensures your safety but also complements the agility of our groundbreaking M² Maximum Mobility™ design.

COAT FEATURES

- ▶ STANDARD CLOSURE: FR HOOK & LOOP STORM FLAP WITH A HIGH-TEMP POLYMER ZIPPER
- ▶ EXTENDED STORM FLAP WITH INCLUDED MOISTURE BARRIER
- ▶ COMFORTABLE CONTOURED COLLAR
- ▶ BI-SWING BACK WITH ANATOMICAL PATTERNING
- ▶ UNDERARM PANELS
- ▶ DOUBLE LAYER SLEEVE WELLS
- ▶ DRAG RESCUE DEVICE (DRD)
- ▶ 7" NOMEX® WRISTLETS WITH CUFF REINFORCEMENTS
- ▶ VARIOUS RADIO & OTHER POCKET SIZES & CONFIGURATIONS
- ▶ NAME BADGE & OTHER LETTERING OPTIONS
- ▶ REINFORCEMENT & REFLECTIVE TRIM PATTERNS & STYLES
- ▶ NUMEROUS SHELL, THERMAL & MOISTURE BARRIER FABRIC COMBINATIONS

PANT FEATURES

- ▶ WAIST DESIGNED FOR INCREASED COMFORT AND REDUCED WEIGHT
- ▶ INTEGRATED ADJUSTABLE ELASTIC WAISTBAND
- ▶ GUSSET BETWEEN THE LEGS
- ▶ TRUE 3-DIMENSIONAL BI-SWING KNEE
- ▶ ARA-SHIELD™ REINFORCED KNEES WITH CLOSED CELL FOAM PADDING
- ▶ LINER INSPECTION PORTS STANDARD
- ▶ BOOTCUT HEMS REINFORCED WITH SELF-MATERIAL AND OPTIONAL ARA-SHIELD™ UPGRADE
- ▶ VARIOUS CLOSURES
- ▶ INTERNAL AND EXTERNAL HARNESS SYSTEM OPTIONS
- ▶ BELLOWS POCKETS HALF-LINED WITH KEVLAR®
- ▶ ADDITIONAL POCKETS PLACEMENT AND SIZE OPTIONS

Includes all standard M2 features on pages 4-7.

M² COAT CUSTOMIZATION OPTIONS

COAT CLOSURE SYSTEM

- ▶ ZIPPER IN / HOOK & LOOP OUT
- ▶ ZIPPER IN / HOOK & DEE OUT
- ▶ SNAP IN / HOOK & DEE OUT
- ▶ HOOK & LOOP WITH SNAPS IN / HOOK & DEE OUT
- ▶ HOOK & DEE IN / HOOK & LOOP OUT (CHICAGO)

WRIST GUARDS

- ▶ NOMEX® HAND & WRIST GUARDS – 4"
- ▶ NOMEX® HAND & WRIST GUARDS – 7" W/ THUMB HOLE
- ▶ NOMEX® HAND & WRIST GUARDS – 4" W/ THUMB HOLE

REINFORCEMENTS

- ▶ CUFF – SELF-MATERIAL OR ARA-SHIELD™
- ▶ SHOULDER – SELF-MATERIAL OR ARA-SHIELD™
- ▶ ELBOW – SELF-MATERIAL OR ARA-SHIELD™

THERMAL AIR CHANNELS

- ▶ SPECIFIED THERMAL LINER IN SHOULDER/YOKE
- ▶ THERMAL AIR CHANNELS – SHOULDER AND/OR ARMS

BASE POCKETS

- ▶ 8" X 8" X 2" – FULL BELLOWS (STANDARD)
- ▶ FULL BELLOWS: 8" X 10" X 2", 9" X 9" X 2", 10" X 8" X 2", & 10" X 10" X 2"
- ▶ HALF-HIGH FULL BELLOWS: 6" X 9" X 1.5" & 7" X 9" X 1.5"
- ▶ HALF-HIGH SEMI BELLOWS: 7" X 9" X 1.5"
- ▶ SEMI-BELLOWS: 8" X 8" X 2", 8" X 10" X 2", & 9" X 9" X 2"

HANDWARMER POCKETS

- ▶ SELF-MATERIAL HANDWARMERS
- ▶ FLEECE LINING – 1 SIDE (POCKET SIDE)
- ▶ FLEECE LINING – 2 SIDES

POCKET REINFORCEMENTS

- ▶ INTERIOR HALF LINED – KEVLAR® (STANDARD) OR NEOPRENE
- ▶ INTERIOR FULLY LINED – KEVLAR® OR NEOPRENE
- ▶ EXTERIOR HALF LINED – SELF-MATERIAL OR ARA-SHIELD™ REINFORCEMENT (BLACK OR GOLD)

RADIO POCKETS

- ▶ 8" X 3.5" X 2" (STANDARD)
- ▶ 6" X 3.5" X 2"
- ▶ 7" X 3.5" X 2"
- ▶ 9" X 3.5" X 2"

RADIO POCKET REINFORCEMENTS

- ▶ INTERIOR FULLY LINED WITH NEOPRENE (STANDARD) OR KEVLAR®
- ▶ EXTERIOR HALF LINED WITH SELF-MATERIAL OR ARA-SHIELD™ REINFORCEMENT (BLACK OR GOLD)

STYLE UPGRADES

- ▶ INTEGRATED COAT TAIL W/ 2" TRIM ON BOTTOM EDGE
- ▶ WOMEN'S CUT OR FLARE STYLE – ADDED ROOM IN HIPS
- ▶ USAF THROAT TAB
- ▶ PARTICULATE INHIBITORS ON COAT CUFF, WAIST, AND HEM

POCKET CUSTOMIZATION

- ▶ POCKET DIVIDER – 60/40 OR 40/60 WITH PLAIN FLAP
- ▶ POCKET DIVIDER – 60/40 OR 40/60 WITH SPLIT FLAP
- ▶ KEVLAR® TOOL LOOPS – 1 ROW (3) OR 2 ROW (6)

ADDITIONAL FEATURES

- ▶ DOWNWARD FACING D-RING – SELF-MATERIAL PATCH
- ▶ REVERSE HOOK – SELF-MATERIAL PATCH – 3" X 4"
- ▶ GLOVE STRAP – SELF-MATERIAL – 13"
- ▶ DOWNWARD FACING HOOK
- ▶ AMERICAN FLAG ON EITHER SLEEVE

FLASHLIGHT HOLDERS

- ▶ STANDARD LOOP
- ▶ STANDARD LOOP WITH D-RING
- ▶ SURVIVOR STYLE WITH REVERSE HOOK

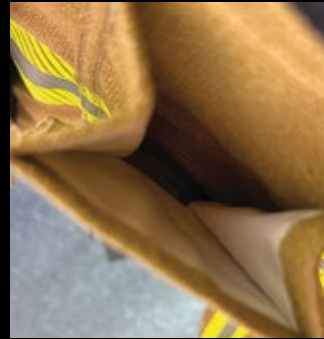

MIC TABS

- ▶ MIC TAB – SELF-MATERIAL PATCH
- ▶ MIC TAB WITH D-RING – SELF-MATERIAL PATCH
- ▶ MIC TAB – 45 DEGREE ANGLE ON SELF-MATERIAL PATCH
- ▶ ANTI-SWAY D-RING ON RIGHT SIDE OF JACKET

M² PANT CUSTOMIZATION OPTIONS

PANT CLOSURE SYSTEMS

- ▶ HOOK & LOOP FLAP / HOOK & DEE OUT
- ▶ ZIPPER IN / HOOK & LOOP FLAP AND SNAP
- ▶ HOOK & LOOP FLAP AND SNAP WITH INTEGRATED BELT AND BUCKLE
- ▶ ZIPPER IN / HOOK & LOOP FLAP AND SNAP WITH INTEGRATED HARNESS SYSTEM

POCKET REINFORCEMENTS

- ▶ INTERIOR HALF LINED – KEVLAR® (STANDARD) OR NEOPRENE
- ▶ INTERIOR FULLY LINED – KEVLAR® OR NEOPRENE
- ▶ EXTERIOR HALF LINED – SELF-MATERIAL OR ARA-SHIELD™ REINFORCEMENT (BLACK OR GOLD)

REINFORCED HEMS

PROTECTION AT AN AFFORDABLE PRICE

TECHNICAL RESCUE GEAR

This Dual NFPA 1951/1999 certified Technical Rescue gear from Ricochet is a combination of a tough outer shell with abrasion and flame resistance, and a moisture barrier that offers bloodborne pathogens and limited chemical protection. An added bonus is protection from the elements, including inclement weather.

Applicable for USAR, Technical Rescue, Chiefs, Officers, EMS personnel, Fire-Police, pump operators, extrication crews, fire investigators, and water supply personnel, and provided protection from virtually any other type of call other than structure fires, at a fraction of the cost!

Complete sets of gear for all on-scene personnel without the expense and maintenance of structural gear!

An added benefit of this Ricochet dual-certified gear is for firefighters to have a lighter, less-expensive, but fully protected garment, for nearly any call other than structural firefighting.

There is no reason why you can't be safe, protected, AND comfortable, at an affordable price.

TECH RESCUE / USAR CUSTOM

What sets Ricochet apart is our commitment to providing you with the safest and most effective gear possible. Our dual NFPA 1951 Level II and NFPA 1999 certified Technical Rescue gear is a revolutionary combination of robust outer shell, offering abrasion and flame resistance, crucial for non-entry operations, coupled with a powerful moisture barrier providing bloodborne pathogen and limited chemical protection. But that's not all; choose the optional Removable CROSSTECH® S/R moisture barrier and the garment meets NFPA 1977 standards.

COAT FEATURES

- ▶ DUAL NFPA 1951 LEVEL II / NFPA 1999 CERTIFICATION
- ▶ ZIPPER CLOSURE WITH TWO FULL-LENGTH SECURED BY HOOK & LOOP
- ▶ 3" 3M™ FIRE COAT-GRADE REFLECTIVE TRIM

EXTREME COMFORT. SUPERIOR PROTECTION.

EMERGENCY MEDICAL SERVICES GEAR

NFPA 1999 defines minimum performance for EMS PPE... we exceed that specification.

Ricochet EMS gear provides some of the most comfortable, breathable, and protective EMS garments available. With superior liquid

and bloodborne pathogen protection while still being vapor permeable and certified to NFPA 1999, Ricochet is the premium choice for EMS PPE.

Designed to bring you an unbeatable combination of safety and comfort.

With packages intentionally constructed to provide complete protection in harsh working conditions, as well as exceptional comfort in everyday use, Ricochet EMS gear will bring you an unbeatable combination of safety and comfort.

Choices for you and the protection that you need.

Ricochet offers both Flame Resistant (FR) and non-FR garments, along with options that include multiple fabric, design, color, and feature choices. We also work to protect you from the elements with an optional removable Polartec® fleece warmth liner, as well as full customization options to meet your specific demands and requirements.
