

# WILDLAND GEAR

Ricochet Wildland Gear is driven by firefighter feedback and proven ergonomic design—so crews can move naturally, work longer, and stay protected across wildland and WUI operations.

NFPA 1950 (1977) – 2025 CERTIFIED

AVAILABLE GARMENTS: JACKET, PANT, SHIRT

LIGHTWEIGHT WITHOUT SACRIFICING DURABILITY

INHERENTLY FLAME-RESISTANT FABRICS

## FIT FOR EVERY CREW

- Men's & women's designs
- Multiple fabric options for climate and mission
- Broad size range with configurable inseams and lengths

## VISIBILITY WITHOUT BULK

- 3" lime/yellow trim
- 360° coverage
- Low-profile design for unrestricted movement

## FIELD-READY FUNCTION

- Radio pockets with drainage
- Reinforced tool hang tabs
- Bellowed cargo pockets with easy access
- Hardware positioned to prevent metal-to-skin contact

## MOVE BETTER. FATIGUE LESS.

- Ergonomic 3-panel jacket design
- Raglan sleeves and articulated shaping
- Comfort-focused waistband design

**Result:** Reduced strain during long shifts and extended deployments

Available in Yellow, Navy, Tan, or Spruce Green.
