SALES & CUSTOMER SERVICE
Ricochet staff is here to answer your questions. You can contact us directly for all inquiries regarding gear, specifications, quotes and a dealer in your area. We will also be happy to help you check the status of existing orders, repairs or inquiries about becoming a Ricochet dealer.

**PROTECTING
FIRST RESPONDERS**

MORE THAN CUSTOMERS
We take our responsibility of protecting Emergency First Responders very seriously. As tough as NFPA standards are, being just good enough to meet NFPA certification is not good enough for us. We engineer clothing that goes above and beyond the requirements of NFPA 1999 (EMS), 1951 (Tech Rescue), and 1971 (Structural Firefighting). Every detail is engineered to meet your needs for ultimate protection, comfort, and mobility.

**ENGINEERED
FOR COMFORT & FIT**

ERGONOMIC ENGINEERING
Designed for greater flexibility, comfort, and performance. RICOCHET has developed patterning innovations throughout all of the layers of your gear that work with the dynamics of your body - reducing heat stress, hobbling, and fatigue and providing a greater range of motion. All of our gear is custom built because proper fit lowers the risk of exhaustion and increases safety.

**QUALITY & VALUE
BY DESIGN**

CUSTOM BUILT FOR YOU
Ricochet provides our customers with numerous choices of layered fabric systems, designed for durability, protection and breathability. We make protective clothing that is comfortable, long lasting, highly customizable and competitively priced.

**CUSTOM GEAR
FAST!**

RAPID TURNAROUND
Your crew can be wearing the finest gear available in a matter of weeks. Custom turnouts built to your specifications (not just pulled from a shelf), and guaranteed to fit right. Look for our **RAPID TURNAROUND** symbol for availability.
