GENERAL INFORMATION

Special Requests / Requests for Quotes:

We believe that the attention we pay to all details of design is what makes Ricochet gear the finest product available. This includes the materials we select, the design and placement of essential features such as pockets and reflective striping, the range of sizes we offer, and the selection of optional equipment.

The products we offer as depicted here should meet the needs of most customers. However, when a customer has special needs, we will attempt to accommodate these needs through the RFQ (request for quote) process.

RFQ - or Request for Quote - is the process by which special requests are defined by the customer and assessed for feasibility and priced by Ricochet. A special request is anything not listed on the price list, a unique size, equipment configuration, or item placement. Generally, it is not economical for a customer to request a unique product change for a quantity of less than 50 units. However, we will be pleased to accommodate smaller requests with the appropriate pricing adjustments.

Available Sizes:

Ricochet protective turnout clothing comes in a wide range of sizes.

Coats Chest Sizes: 32" - 56", in 2" increments
Sleeve Lengths: 32" - 36", in 1" increments
Back Length: 32"

Pants Waist Sizes: 30" to 60", in 2" increments
Inseams: 24" to 36", in 2" increments - ONLY

Non-Standard Size Charges are Not Eligible for Discounts

There is no additional charge for the sizes within the ranges listed above. If gear is requested in a size outside of these ranges there will be additional charges. These charges are the same for all models and materials.

Coats

Chest sizes greater than 56" and up to 68" - there is an additional charge of \$150.00

Only increments of 2" will be accepted

Sleeve lengths greater than 36" and up to 42" - there is no additional charge.

Only increments of 1" will be accepted

We also offer back lengths of 30" or 34" at no additional charge

Pants

Waist sizes greater than 60" and up to 70" - there is an additional charge of \$120.00

Only increments of 2" will be accepted

Inseams greater than 36" and up to 40" - there is no additional charge.

Only increments of 2" will be accepted

GENERAL INFORMATION cont'd

Reflective Lettering Configuration:

Ricochet offers a variety of lettering options for all jackets. The total number of letters/spaces available for rear lettering will be affected by the model of the garment, the size of the letter, and the lettering configuration. There is a per letter charge of \$7.00 for list price.

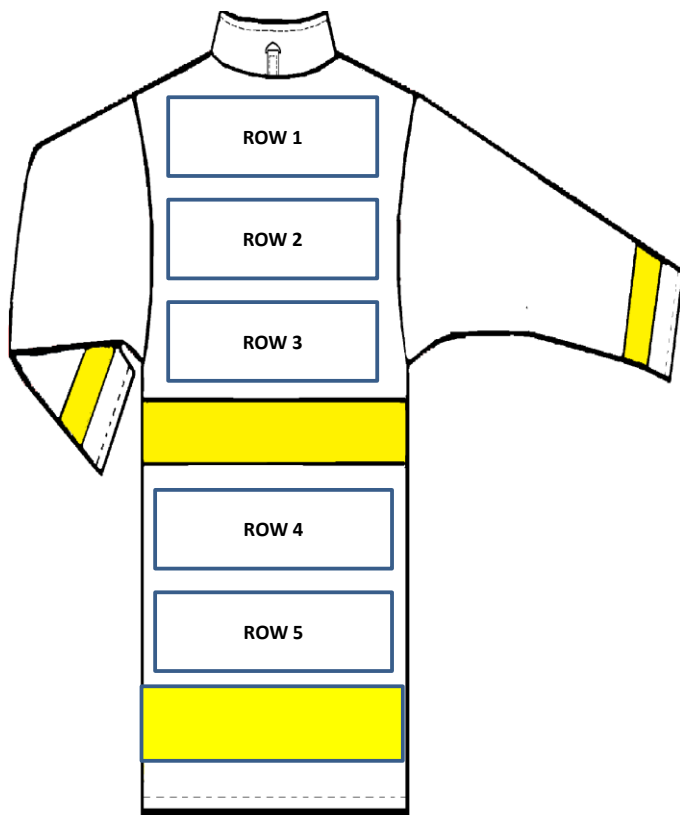

The 2" and 3" measurements refer to the height of the letter, not the width. The total number of letters listed includes the spaces between words on any 1 line of text.

*** The top 3 rows of letters have less space than the lower rows due to the restrictions of width created by the shoulder seams.

Always submit an RFQ for any letters other than standard to verify feasibility.

Please refer to the below chart to determine the maximum number of letters/spaces available in a straight or arched configuration for any particular garment:

Maximum Number of Letters / Spaces***			
		2" Letters	3" Letters
CAN USE 2 OF THE 3 LINES	Top Upper Back* - Row 1	12	8
	Mid Upper Back* - Row 2	12	8
	Above Trim* - Row 3	12	8
CAN USE 1 OF THE 2 LINES	Below Trim - Row 4	14	10
	Mid Lower Back - Row 5	14	10

Delivery Time:

The standard delivery time is 4 - 8 weeks from confirmation of order by factory. This may change at any time according to our production queue. Ricochet will notify you if delivery will be delayed beyond this date due to fabric availability.

Return Authorization:

Customers who have a repair or warranty issue should contact Ricochet Customer Service (contact information below) to receive a Return Authorization Form. All garments returned to Ricochet must be laundered and must include the Return Authorization Form or

Sales & Customer Support Office

Please contact the Sales Support Office if you have any garments that are in need of repair or if you have any questions or are in need of further assistance.
